SHARP FUTURE ACADEMY COURSES

VIDEO EDITING

MASTER IN AUDIO VIDEO EDITING

3 MONTHS

Video editing is the process of manipulating and arranging video footage, audio, images, and effects to create a final polished video. It's a key part of filmmaking, content creation, advertising, social media production and more. Taking a video editing course can offer a wide range of benefits whether you're pursuing it as a hobby for professional growth or to enhance your creative skills. Enhance your ability to tell compelling stories through visuals. Add transitions, music, effects, and pacing to convey emotions and messages effectively.

SOFTWARE

Adobe Premiere Pro, Adobe Audition And Adobe After Effect

JOB

• Audio Video Editor • Motion Graphic Designer • Production Assistant (Digital Film) • Colorist • Motion Design
• 2D Animator

GRAPHIC DESIGN

GRAPHIC AND VISUAL DESIGN

8 MONTHS

The graphic design industry is undergoing a transformation with advancements in AI-driven design tools, automation, and immersive technologies. With the rise of digital content, branding, and social media marketing, businesses are prioritizing visually compelling and user-centric designs. AI-powered tools like Adobe Firefly and Canva AI. The demand for high-quality digital content across industries like advertising, gaming, and e-commerce is pushing designers to adopt innovative, real-time, and data-driven design techniques.

SOFTWARE

Adobe Illustrator, Adobe Photoshop, Adobe InDesign, Canva / Adobe Express, Adobe Dimensions.

JOB

• Graphic Designer • Vector illustrator • Brand Designer • Photo Editor • Visual Designer
• Digital Publication Designer

AI

MASTER IN GEN AI

2 MONTHS

The Master in Gen AI program equips students with the foundational knowledge and practical expertise to harness generative AI across creative and technical domains. They will develop advanced creative writing and visual storytelling skills to generate original ideas and compelling narratives, while applying AI methodologies to innovate in marketing strategy, dynamic design, and prototyping. Students will gain proficiency in producing professional multimedia content, including video, audio, and 3D models, using AI-enhanced techniques to streamline production and enhance creativity.

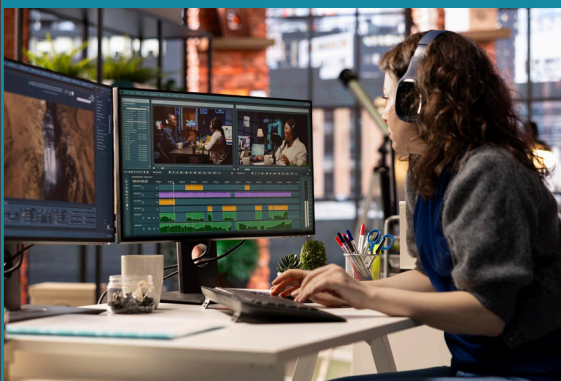

SOFTWARE

ChatGPT Plus, Deep Seek, Leonardo Ai, Photoshop, Canva Ai, Adobe Express Ai Tools, Sora, Runway ML, After Effects, Premiere, Eleven Labs, Suno Ai, Adobe Audition, Meshy Ai, ZBrush

JOB

• AI-Powered Graphic Designer • AI-Assisted Illustrator & Concept Artist • AI Storyboard Artist • AI Video Editor
& Motion Graphics Designer • Presentation & Pitch Deck Designer • AI Art Director & Creative Consultant

GRAPHIC + VIDEO +AI

DIPLOMA IN ANIMATION & MULTIMEDIA

12 MONTHS

The Motion Graphic Design program equips students with the skills to create dynamic visual content by combining graphic design, animation, and video production techniques. It covers key topics such as 2D and 3D animation, typography, visual effects (VFX), and storytelling, using industry-standard software like Adobe After Effects and Adobe Premiere Pro. Students learn to craft engaging motion graphics for film, television, advertising, and digital media platforms, focusing on creative problem-solving and innovative design techniques.

SOFTWARE

Adobe Illustrator CC, Adobe Photoshop CC, Canva / Adobe Express, Adobe Animate CC, Adobe Premier Pro CC, Adobe Audition CC, Adobe After Effects CC, DaVinci, Gen Ai.

JOB

• Graphic Designer • Motion Graphic Designer • Audio-Video Editor • Multimedia Specialist • Brand Experience
Designer • 2D Motion Artis • AI-Powered Graphic Designer • AI Video Editor & Motion Graphics Designer

SHARP FUTURE ACADEMY COURSES

ANIMATION

AD. DIGITAL GRAPHICS AND ANIMATION (BLENDER)

13 MONTHS

This Advanced Digital Graphics and Animation with Blender program prepares learners to excel in digital media production and 3D design through a blend of artistic and technical training. Students begin by mastering visual storytelling fundamentals, including cinematography, color theory, and lighting strategies to enhance mood and narrative impact. They refine skills in digital image editing, motion graphics, and audio-visual integration to create polished multimedia content.

SOFTWARE

Photoshop, Premire Pro, Audition, After Effect and Blender

JOB

• Concept Artist • 3D Modeler • Texturing Artist • Lighting Artist • 3D Animator • Rigging Artist • 3D Generalist • 3D Designer • 3D Product Designer • Blender Artist

ANIMATION

ADVANCED DIGITAL GRAPHICS AND ANIMATION (MAYA)

14 MONTHS

This Advanced Digital Graphics and Animation with Maya program equips learners with the technical and creative skills to excel in digital media and 3D production. Students begin by mastering visual storytelling through cinematography, color theory, and lighting techniques to craft immersive narratives. They refine expertise in digital image editing, motion graphics, and audio-visual integration, producing polished multimedia content for diverse platforms. The curriculum then focuses on advanced 3D workflows, teaching detailed asset creation, texturing, lighting, and rendering to achieve photorealistic results.

SOFTWARE

Photoshop, Premire Pro, Audition, After Effect and Maya

JOB

• Concept Artist • 3D Modeler • Texturing Artist • Lighting Artist • 3D Animator • Rigging Artist • 3D Generalist • 3D Designer • 3D Product Designer

ANIMATION

AD. PROGRAM IN ANIMATION WITH UNREAL ENGINE

29 MONTHS

Step into the future of storytelling with our immersive Advanced Program in Animation with Unreal Engine career course - a transformative journey where artistry meets cutting-edge technology. This comprehensive program is meticulously crafted to turn raw creativity into industry-ready expertise, guiding you from the fundamentals of visual design to the pinnacle of cinematic innovation.

SOFTWARE

Photoshop CC, Illustrator CC, Storyboarder, Premier Pro CC, Audition, Animate CC, After Effects CC, Gen Ai tools, Autodesk Maya, ZBrush, Autodesk Maya, Substance Painter, Reality Scan, Arnold, Maya nCloth & X-Gen, Unreal Engine, Meta Human.

JOB

• Graphic Designer • Digital Illustrator • Video Editor • Storyboard Artist • Motion Graphics Designer • 3D Modeler • Environment Artist • Texturing Artist • Cinematic Artist • Sculptor • Lighting/Rendering Artist • 3D Animator

VFX

ADVANCED PROGRAM IN VFX COMPOSITING & EDITING

11 MONTHS

This Advanced Program in VFX Compositing and Editing prepares students to master the art of seamlessly integrating visual effects into live-action footage while crafting polished, cinematic narratives. Beginning with foundational skills in cinematography, lighting, and color theory, learners develop a keen eye for visual storytelling, understanding how camera angles, shot composition, and mood-driven color palettes enhance scenes. They refine expertise in digital image editing, motion graphics, and audio-visual synchronization to create dynamic multimedia content. The curriculum advances to specialized VFX workflows, teaching advanced rotoscoping, photorealistic compositing, and precise color grading to achieve industry-standard visual coherence.

SOFTWARE

Adobe Photoshop CC, Adobe Premiere Pro CC, Adobe Audition CC, Adobe After Effects CC, Nuke, Silhouette, DaVinci

JOB

• Digital Designer • Compositor • Motion Graphic Artist • Matte Painter • Video Editor • Roto Artist

SHARP FUTURE ACADEMY COURSES

VFX

AD. PROGRAM IN VISUAL EFFECTS FILM MAKING

20 MONTHS

This Advanced Program in VFX Film Making trains students to master the end-to-end creation of visual effects for film and digital media, combining artistic storytelling with cutting-edge technical skills. Learners then advance to 3D design, mastering photorealistic modelling, texturing, rigging, and animation to bring characters and environments to life. The program culminates in advanced compositing techniques, including camera tracking, rot scoping, and seamless CGI-live action integration, ensuring polished, cinematic results.

SOFTWARE

Photoshop CC, Storyboarder, Premiere Pro, Audition CC, After Effects, Autodesk Maya, Substance Painter, Silhouette, 3D Equalizer, Nuke

JOB

• Concept Artist • 3D Artist • Lighting Artist • 3D Generalist • 3D Designer • 3D Animator • Compositor
• Match Moving Artist • Motion Graphic Artist • Matte Painter • Video Editor • Roto Artist

VFX

ADVANCED PROGRAM IN VISUAL EFFECTS

29 MONTHS

The epicenter of cinematic magic with Advanced Program in Visual Effects a career course designed to transform creative visionaries into architects of aweinspiring digital worlds. Empowering to craft blockbuster-quality effects that blur the lines between imagination and reality. This program is the gateway to becoming a luminary in the ever-evolving universe of visual effects.

SOFTWARE

Illustrator CC, Photoshop CC, Storyboarder, Premier Pro CC, Audition, Animate CC, After Effects CC, Gen Ai tools for Text/Image/Video, Autodesk Maya, Substance Painter, Reality Scan, Arnold, Maya nCloth & X-Gen, Houdini, Silhouette, 3D Equalizer, Nuke

JOB

• VFX Artist • Compositor • FX Artist • Lighting/Rendering Artist • Technical Artist • Environment Artist
• Motion Graphics Designer • Video Editor • VFX Supervisor • 3D Artist • Roto Artist

ANIMATION & VFX

MASTER IN ANIMATION & MULTIMEDIA

24 MONTHS

The Advanced Program in Animation and VFX offers a rigorous, industry-aligned curriculum designed to transform learners into versatile professionals capable of excelling in animation, visual effects, and digital media production. Beginning with foundational principles of visual storytelling, students explore cinematography techniques, color theory, and lighting strategies to craft compelling narratives and evoke emotion. They hone skills in digital image manipulation, motion graphics, and audio-visual integration, creating polished content for diverse platforms.

SOFTWARE

Adobe Photoshop CC, Adobe Premiere Pro CC, Adobe Audition CC, Adobe After Effects CC, Autodesk Maya, Adobe Substance Painter, XGen, Houdini, Silhouette, 3D Equalizer, Nuke

JOB

• Concept Artist • 3D Artist • Lighting Artist • 3D Generalist • 3D Designer • 3D Animator • Compositor • Match Moving Artist • VFX Generalist • FX Artist • Motion Graphic Artist • Matte Painter • Video Editor • Roto Artist

GAMING

ADVANCED PROGRAM IN GAME ART AND DESIGN

21 MONTHS

The Advanced Program in Game Art and Design is an intensive, career -focused course designed to transform creative talent into professional game artists. Over two dynamic terms, students master the full spectrum of game development artistry —from foundational 2D design principles and UI/UX workflows to advanced 3D modeling, texturing, and cinematic storytelling. The first term builds core skills in digital illustration, asset creation, and game prototyping, while the second term delves into high -end techniques like character sculpting, environment art, and real - time rendering. Through project -based learning, participants develop a versatile portfolio showcasing their ability to design captivating game worlds, optimize assets for production, and collaborate effectively.

SOFTWARE

Illustrator CC, Photoshop CC, Figma, Animate CC, GDevelop.io, Maya, Maxon ZBrush, Substance Painter, Unreal Engine, Gen Ai Tools

JOB

• Game Designer • Game Producer • Level Designer • 2D Game Artist • 3D Game Artist • Technical Artist
• UI Artist for Games • Game Developer

SHARP FUTURE ACADEMY COURSES

GAMING

ADVANCED PROGRAM IN IMMERSIVE DESIGN

26 MONTHS

The Advanced Program in Immersive Design equips students with end-to-end expertise in creating cutting-edge AR/VR experiences. Through hands-on training in Unity3D and Unreal Engine, participants master immersive design fundamentals—from 3D asset creation and environment building to interactive development for augmented and virtual reality. The curriculum covers Spark AR for mobile AR, Unity's AR Foundation, VR development pipelines, and portfolio preparation, empowering graduates to build professional XR applications and launch careers in this rapidly evolving field.

SOFTWARE

Illustrator CC, Photoshop CC, Figma, Animate CC, GDevelop.io, Maya, Maxon ZBrush, Substance Painter, Unreal Engine, Spark AR, Unity3D

JOB

• Game Designer • Game Producer • Level Designer • 2D Game Artist • 3D Game Artist • Technical Artist
• UI Artist for Games • Game Developer

GAMING

AD. PRO. IN GAME ART & DESIGN WITH SPECIALIZATION

27 MONTHS

The Advanced Program in Game Art and Design with Specialization is a comprehensive training course designed to equip aspiring artists and designers with the creative and technical expertise needed to thrive in the gaming industry. Through a structured, project-based curriculum, students will explore the entire game development pipeline—from concept art and asset creation to animation, lighting, and interactive design.

SOFTWARE

Illustrator CC, Photoshop CC, Figma, Animate CC, GDevelop.io, Maya, Maxon ZBrush, Substance Painter, Unreal Engine, Blender, Substance Designer, Substance 3D Stager, Reality Capture, Gen AI Tools

JOB

• Game Designer • Game Producer • Level Designer • 2D Game Artist • 3D Game Artist • Technical Artist
• UI Artist for Games • Game Developer

GAMING

AD. PRO. IN GAME ART, DESIGN AND DEVELOPMENT

28 MONTHS

The Advanced Program in Game Art, Design and Development is a holistic course that trains students in all aspects of game creation. Covering both artistic and technical disciplines, the program teaches fundamental design principles, professional asset creation (2D/3D), and game engine implementation. Students master illustration, UI/UX, 3D modeling, animation, and Unreal Engine development while building complete game projects.

SOFTWARE

Adobe Illustrator CC, Adobe Photoshop CC, Figma, Adobe Animate CC, GDevelop.io, Autodesk Maya, Maxon ZBrush, Substance Painter, Unreal Engine, Gen AI Tools

JOB

• Game Designer • Game Producer • Level Designer • 2D Game Artist • 3D Game Artist • Technical Artist
• UI Artist for Games • Game Developer

AR-VR-XR

MASTER IN GAME ART, DESIGN AND DEV. WITH ARVRXR

39 MONTHS

Master in Game Art, Design and Development with AR VR - XR is a comprehensive program designed to equip students with cutting-edge skills in game creation, blending artistic creativity with technical expertise. The curriculum covers core areas like game art fundamentals, digital illustration, UI/UX design, 2D/3D asset creation, and immersive technologies (AR/VR/XR), using industry-standard tools such as Unreal Engine 5, Unity, Maya, Substance Painter, and AI-driven workflows. Students gain hands-on experience in game engine integration, cinematic realism, procedural texturing, and real-time rendering, while modules like Immersive Development focus on building AR/VR experiences.

SOFTWARE

Gen AI, Illustrator, Photoshop, Animate CC, Maya, Substance Painter, Figma, Zbrush, Blender, Unreal Engine, Spark AR, Unity, Substance 3D Stager, Adobe Substance Designer, GDevelop.io, Reality Capture.

JOB

• Game Designer • Game Producer • Level Designer • 2D & 3D Game Artist • Technical Artist • UI Artist for Games
• Game Developer • Asset Artist XR • UI Artist XR • XR Developer • R&D and Prototype Specialist

SHARP FUTURE ACADEMY COURSES

INTERIOR DESIGN

DIGITAL ARCHITECTURE AND INTERIOR DESIGN

8 MONTHS

This comprehensive program transforms students into skilled professionals capable of executing complete architectural and interior design projects through digital workflows. The course builds expertise across the entire design process, from initial concept development to photorealistic visualization and client presentations. Participants will develop strong foundational skills in digital design thinking before advancing to technical drafting, precise 3D modeling, and material creation.

SOFTWARE

Adobe Photoshop CC, AutoCAD, Autodesk 3ds Max, V-Ray, Twinmotion

JOB

• Architectural Visualizer • Interior Designer • 3D Modelling Specialist • Lighting Artist • Design Consultant
• Real-time Visualization Artist • Freelance Design Professional

INTERIOR DESIGN

ARCHITECTURAL VISUALIZATION AND INTERIOR DESIGN

27 MONTHS

Advanced Program in Arch Viz and Interior Design is a high-end career course which is a hybrid of traditional art and design theory. In this course, students have the option to specialize within the selected fields. The course is designed and taught by industry experts and prepares Students to work for different segments of productions and also broadens the career opportunities.

SOFTWARE

Gen AI, Adobe Illustrator CC, Storyboarder, Adobe Premier Pro CC , Adobe Audition CC , Adobe Animate CC , Adobe After Effects CC , AutoCAD, 3Ds Max, Vray, Substance Painter, Sketchup, Blender, Unreal Engine, Twinmotion

JOB

• Concept Artist • 3D Artist • Lighting Artist • 3D Generalist • 3D Designer • 3D Product Designer • Archviz Artist
• Interior Designer • 3D Visualizer • Unreal Engine Arch viz Specialist • 3D Rendering Artist

BROADCASTING

BROADCAST DESIGN

19 MONTHS

The dynamic course Broadcast Design is the gateway to mastering the art of visual storytelling for news channels, sports broadcast, streaming platforms and live events. The course helps to elevate skills in 3D motion design, eye-catching title sequences and more. Job-oriented, industry centric curriculum, Hands-on practical training using latest tools and software, Certified faculty, Exposure to industry interaction and workshops, Placement assistance, Access to Pro Connect, a platform to showcase your portfolio.

SOFTWARE

Illustrator CC, Photoshop CC, Storyboarder, Premier Pro CC, Audition, Animate CC, After Effects CC, Gen Ai, 3ds Max, V-Ray, Cinema4D, Web, Television, Radio, Mobile, YouTube and Social Media.

JOB

• Broadcast Designer • Motion Graphic Artist • Virtual Studio Designer • Live Event Visual Artist • Social Media Video Editor • Promo Producer • Broadcast Pipeline TD

DIGITAL MARKETING

AD. PROGRAM IN DIGITAL MARKETING WITH GEN AI

6 MONTHS

The Advanced Program in Digital Marketing with Gen AI is a comprehensive course designed to equip learners with cutting-edge skills in digital marketing, enhanced by the power of generative AI. This program covers strategic marketing frameworks, data-driven decision making, and AI-powered automation to optimize campaigns across search, social media, and paid advertising channels.

SOFTWARE

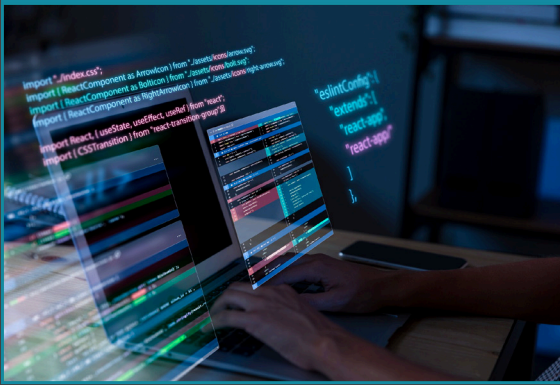

Google Ads, Google Analytics, Semrush, SpyFU, Socialpilot, UpContent, Social Media Ads, Hubspot, Mixpanel, Sprout Social, Ahrefs, Google Data Studio, Bitly, Canva, Mailerlite, Wordpress, Mailchimp, Zapier, Hootsuite

JOB

• Digital Marketing Executive • Social Media Strategist • Marketing Data Analyst • SEO/SEM Specialist
• Digital Marketing Consultant • Paid Media Specialist

SHARP FUTURE ACADEMY COURSES

WEB DESIGN

NEXT-GEN WEB DESIGN AND DEVELOPMENT

7 MONTHS

The Web Design & Development program equips learners with the skills to create visually appealing, user-friendly, and high-performing websites using modern technologies. It covers essential topics such as UI/UX principles, front-end and back-end development, responsive design, and emerging trends like AI-powered automation, Web3, and Progressive Web Apps (PWAs). With hands-on experience in HTML, CSS, JavaScript, frameworks like React and Angular, and server-side technologies, students gain expertise in building dynamic, scalable web applications.

SOFTWARE

Figma, Visify, Uizard, Figma, FireFly, HTML5 CSS3, Bootstrap, Java Script, WordPress, XAMPP, Adwords, Analytics, Yoast, PHP and MySQL

JOB • Front-End Developer • WordPress Developer • Web Analytics Consultant

UI-UX DESIGN

ADVANCED PROGRAM IN UI UX DESIGN

7 MONTHS

Dive into the future of digital experiences with the Advanced Program in UI/UX Design, a specialized course meticulously crafted to transform you into a visionary designer who bridges aesthetics, functionality, and human-centered innovation. The course empowers you to craft intuitive, emotionally resonant interfaces.

SOFTWARE

Adobe Photoshop CC, Adobe Illustrator CC, Google Forms, Microsoft Forms, DRAW.IO, Figma, Maze/ User Testing, Visily, Uizard, Figma, Firefly, VS Code, WordPress, XAMPP, VS Code.

JOB • UI/UX Designer • UX Researcher • Interaction Designer • WordPress Developer • Visual Designer • AI-Enhanced Designer

GRAPHIC + WEB

NEXT-GEN GRAPHIC DESIGN AND WEB DEVELOPMENT

15 MONTHS

The Graphic, Web Design and Development program provides a comprehensive skill set for creating visually compelling designs and high-performing websites. It covers graphic design fundamentals, UI/UX principles, branding, and motion graphics, alongside web development technologies like HTML, CSS, JavaScript, and frameworks such as React and WordPress. Students learn to craft engaging digital experiences using AI-powered tools, responsive design techniques, and emerging trends like Web3 and Progressive Web Apps (PWAs).

SOFTWARE

Illustrator, Photoshop, InDesign, Canva /Adobe Exp, Dimensions, Pencil PROJECT, Figma, Visify, Uizard, Figma, FireFly, HTML5, CSS3, Bootstrap, JavaScript, WordPress, XAMPP, Adwords, Analytics, Yoast, PHP and MySQL.

JOB • Graphic Designer • UI/UX Designer • Front-End Developer • WordPress Developer • Web Designer • AI-Enhanced Designer • Web Analytics Consultant

ANI-VFX-GAMING

BACHELOR IN ANIMATION & MULTIMEDIA

41 MONTHS

An advanced program designed to equip you with creative and technical mastery across Realtime 3D, VFX and Game Development. Through a progressive, multi-term structure, you will learn to design, animate, simulate and develop immersive content for films, OTT, games and interactive media using industry-standard tools and GenAI powered workflows. Arena Animation Specialist Program in Trinity (AVG) is the only program that brings together the power of Realtime 3D, VFX and Game Development in one seamless journey. It's a triple-certification experience crafted for those who aren't just chasing trends but for those who are creating them.

SOFTWARE

Illustrator | Photoshop | Storyboarder | Premiere Pro | Audition | Animate | After Effects | DaVinci | Maya | ZBrush | Substance Painter | Unreal Engine | Meta Human | Reality Capture | Houdini | Silhouette | 3D Equalizer | Nuke | Gen AI

JOB Character Designer | Storyboard Artist | 3D Generalist | 3D Designer | Unreal | Generalist | Realtime 3D Artist | 3D Visualizer | Compositor | Match Moving Artist | VFX | Generalist | FX Artist | Motion Graphics Artist | Matte Painter | Video Editor | Roto Artist | Game Designer | Game Producer | Level Designer | 2D Game Artist | UI Artist | 3D Game Artist | Technical Artist | Game Environment Artist | Cinematic Artist
